

HOW TO DO A LESSON AT HOME

A typical home lesson runs 60 minutes.

General guidelines

1. Planning and preparation are the keys to a successful lesson.
2. Find a quiet place in your home and set a prayerful mood before you begin (example: light a candle).
3. If possible, read the chapter before you share it with your child. This way you can look up anything you don't understand. **There are 8 pages per chapter.**
4. Start the lesson with a prayer. Keep it simple, prayers can be found on pages 257-260 of the workbook.
5. Once you are ready to start, read all the pages with your child and do **all** the activities in the chapter. This also includes the Chapter Review and the Faith Choice.
6. Complete the chapter review in the workbook.
7. If available that week, watch the video on our website.
